RESIGNS HIS PASTORATE.

Congregation of Lucile Memorial Church Will Lose Rev. T. F. Walton.

POPULAR AMONG ALL CLASSES.

Rev. T. F. Walton has tendered his resignation as pastor of Lucile Memorial Presbyterian church, to take effect August 31.

Rev. Walton formally announced his resignation from the pulpit at Sunday morning's services. He preached Sunday evening and will preach here the second and third Sundays of this month and at Guston the fourth Sunday. If he is in the city August 30, the fifth Sunday, he will deliver his farewell sermon that date. If he is not here there will be no farewell sermon. In case he delivers one the subject of his address will be announced in the News the week previous.

As pastor of the Presbyterian church at Guston Rev. Walton has not formally announced his resignation, but it also will go into effect August 31.

Coming from Columbia, Ky., Rev. Walton first took charge of this pastorate in February, 1902. He was preceded by the good words of those who knew him. He was known as an eloquent and earnest minister of the gospel, a progressive and highly respected citizen and a man liked by all classes. He has lived in Cloverport about eighteen months. During this time he has done much good work especially in the temperance fight last fall and in the completion of the church building; he has endeared himself unto every member of his congregation and has won the good will and admiration of everyone. In fact, everything that was said about him by the good people of Columbia can be said by the good people of Cloverport.

Rev. Walton has sold part of his household furniture and has the rest for sale. He does not know as yet where he will locate. He has two offers, one of them being at Barbourville, Ky., the home of himself and his beloved wife, who died early this year. He leaves his present pastorate for the sake of his children, whom he wishes to take to Barbourville. Wherever he may go it is certain the good wishes of his many friends in this city will follow him.

Potent Pill Pleasure.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga., says "During a bilious attack I took one. Small as it was it did me more good than calomel, blue-mass or any other pills I ever took and the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill sold by all Druggists."

A Notable Gathering of Sunday-School Workers.

The State Sunday-school Convention, which meets at Lexington, August 18-20, should not be forgotten by the Sunday school workers of the county. The prospects are that this will be the largest convention ever held. Fully one thousand delegates are expected.

About ninety County Conventions have been held since May 1st, and the whole State is aroused.

Excell, Pearce and Brvner are names to conjure with. My, will it not be fine to meet and hear and know these great workers and join with from two thousand to three thousand in singing hallelujahs under the leadership of the incomparable Excell! And just think what it means to come in vital and sympathetic touch with one thousand of Kentucky's leading Sunday-school workers. This will be a liberal education in itself. No Sunday-school workers can afford to miss it. None can form any conception of what a great and inspiring convention like this is worth to him until he has attended it.

WILL BE REBUILT.

Tell City to be Practically New Boat—Henry Harley to Take Her Place

The Louisville & Evansville Mail Line packet, Tell City, passed up Saturday almost a day late, owing to a break down in her machinery. She was followed immediately by the Henry Harley, a Cumberland river boat, which goes to take her place in the trade while she is placed on the ways, where she will remain during the rest of the summer. The Harley is smaller than the Tell City but will be amply able to handle her traffic.

When the Tell City returns from the ways at Madison everything but her hull will be new. Her old boilers are to be taken out and new ones put in and her machinery will receive a thorough overhauling. The cabin will be rebuilt and refurnished and in every way the boat will be put in tip top condition. It has always been difficult for the boat to get hands on account of the superstitions of the negroes and it is hoped these numerous improvements will do away with this.

N. F. LEAMON WANTS DAMAGES.

Hardinsburg, Ky., Aug. 4.—(Special)—A suit for \$25,000 damages was filed in the Circuit clerk's office Monday against the Louisville, Henderson & St. Louis R'y. Co. by Nannie F. Leamon, administratrix of ——— Leamon deceased. The petition alleges that the plaintiff's intestate was a brakeman in their employ and was killed by a train between Webster and Irvington sometime in September 1902, by the gross negligence and carelessness of the defendant's employees of a superior grade of service to the deceased. The attorneys for the plaintiff are Marshall Bullitt and Bennett H. Young, Louisville, and Judge N. Mc Mercer, of Hardinsburg.

Another suit of importance was filed this week by former Gov. W. O. Bradley, as attorney for James Hovious, of Halfmoon Bay, Cal., and Mrs. Enola S. Rafferty, Mrs. Mary J. Miller and others, of Cloverport, seeking to cancel and annul a lease in land executed by the late James T. Miller to the Tar Creek Mineral and Natural Gas Co. Several hundred acres are under lease to this company and the plaintiffs are asking that this cloud to their title be removed because of the fact that no effort has been made on the part of the company to develop the property since the lease was executed in the year 1888.

Wreck Presents Novel Sight.

Hawesville, Ky., July 31.—The coal boats which were wrecked here by the steamer J. B. Finley last spring and which have been abandoned by the coal dredgers, present a novel sight these days. People here are having their winter coal supply put in of the choicest Pittsburgh coal for less than they have been paying for the soft coal mined in this section.

Saturday morning at Owensboro the examining trial of Bud Kezsee, Ed. Richardson and Lon McGuffin, who are charged with running an illicit still near the Constantine neighborhood, took place before Commissioner Lindsey United States Marshal Gilliland, who had arrested the men, had succeeded in securing the mash tubs and other paraphernalia, and seven witnesses, who testified to the effect that they had either seen the men making mash and manufacturing the liquor or had bought it from them. He was unable to locate the still itself but the evidence was so clear that the prisoners refused to go on the stand and they were held over to the October term of the United States court. The bail was fixed at \$700 each, but they were unable to give it and went to jail. Marshal Gilliland takes them to Louisville this week, where they will be lodged in jail and where their trial will take place.
